

THE LATEST ON CLAREMONT'S VILLAGE SOUTH SPECIFIC PLAN

Monday, July 23, 2018

7:00 - 8:30 pm

Pomona College, Hahn Building, Rm. 101
420 N Harvard Avenue. Claremont

After a year of public outreach and discussions by Claremont commissions, the City Council recently approved a set of Planning Goals and Principles for this important 17 acre area just south of the Village. Principal Planner Chris Veirs will bring us up-to-date on what is being planned and provide an opportunity to ask questions and discuss the plan. The development will take advantage of the upcoming Goldline extension and will likely be trend-setting in terms of future and sustainable development.
